

**NANUK**™ | extreme duty cases

**RUGGED. WATERPROOF.  
GUARANTEED FOR LIFE.**

NANUK™ protective cases are the result of years of testing both in the lab and on the field and offer unrivaled protection in a variety of sizes, configurations and colors, with its patented PowerClaw latching system and NK-7 resin outer shell, NANUK™ is built for nature's most unforgiving conditions.

Rugged, waterproof and guaranteed for life, all NANUK™ cases are designed to withstand the smallest tumbles to the biggest shocks and everything in between. When it needs to get there in one piece, it needs to go in a NANUK™.

## **NANUK™** features

1. Powerclaw latching system
2. Waterproof IP67 rated
3. Impact Resistant NK-7 resin
4. Padlockable
5. Shoulder strap attachment
6. Stackable
7. Integrated bezel system
8. Soft grip foldable handle
9. Integrated lid stay
10. Stainless steel hardware

## Impact resistant NK-7 resin

NANUK™ was designed with one objective in mind: survival. With rounded corners, thick wall construction and oversized details, NANUK™ is built to absorb the shocks without compromising the case or more importantly your contents.

Based on Plasticase's years of experience in the plastics industry, our new NK-7 resin was developed specifically for the demanding conditions that NANUK™ will be exposed to. Highly impact resistant, light, and rugged, our NK-7 resin can withstand nature's extremes.

## Certifications

NANUK™ is tough and durable, but don't just take our word for it. NANUK™ cases were tested by an independent testing laboratory for compliance with the following standards:

**ATA Specification 300**

**Category 1 Impact**

**ASTM D-4169 DC-18 Drop - Vibration - Rainfall**

**MIL-STD-810F Immersion**

**IP67 Ingress protection**

NANUK™ cases tested were awarded certification after successfully completing the tests. Visit [nanuk.com](https://www.nanuk.com) to find out more.

**NANUK NANO®**

The NANUK NANO® is the perfect protective case for your smaller valuable items. This lightweight impact resistant case series is sure to keep its contents safe and dry with the patented PowerClaw latching system and water resistant design (IP65\*).

# CASE ACCESSORIES

## Cubed foam

Made of high quality polyurethane foam, the multi-layered set of customizable inserts includes a pre-scored removable layer. This layer consists of foam squares that can be removed in various configurations to accommodate the contents of the case. This solution is ideal if you are seeking a quick and easy way to protect and organize your items.

## Desiccant containers

Nanuk Reusable Desiccating Containers protect all types of items from deterioration, rust, corrosion, mold, mildew, and other damages caused by moisture or high humidity. Simply place a Desiccating Container together with the item that is to be protected in a tightly closed or sealed moisture resistant container. Desiccating Container will rapidly and actively remove moisture and maintain dryness of the surrounding air to protect against moisture damage. It will absorb up to 34% of its own weight in water vapor.

## Shoulder strap

Our neoprene shoulder strap incorporates Aircell™ comfort technology to reduce fatigue when transporting your case. The shoulder strap can easily be attached to most NANUK™ cases without any additional hardware.

**\*Compatible with NANUK™ 905 – 945 cases.**

## TSA PowerClaw latch retrofit kit

We found a way to make our patented PowerClaw latches even better! They are now available with an integrated TSA accepted key lock. The easy to install retrofit kit can be installed on many\* NANUK cases and adds another layer of security to your case. Each lock has a special code TSA001 to TSA003, which is used by the TSA, CATSA and other security agencies to know which secure tool to use to open the lock. TSA accepted latches are the perfect accessory for storing, securing and protecting valuable items at home, on the job site and in your vehicle.

\*Compatible with the following NANUK cases:  
908 | 918 | 920 | 925 | 933 | 935 | 940 | 945 | 950 | 960

## Padded dividers

If you require compartmentalized protective organization of your components or equipment, our padded dividers are the right choice. Easily tailored to your needs with repositionable tongue and groove fasteners, our padded dividers are designed to easily organize and protect your equipment.

\*Available for NANUK™ 905 – 960 cases.

## Lid Organizer

The NANUK Lid Organizer is the ideal organization and convenience accessory to add to your case. The molded interior is designed to help keep your hardware, power cords and accessories entirely organized and in-view. The lid organizer includes a set of mounting screws for easy, stress-free installation. Features include three zippered and anti-tear compartments of various sizes for lots of gear storage.

## TSA padlock

TSA padlocks offer the security of a padlock but can easily be opened and inspected by airport security and then locked again. A visual indicator lets you know when the case has been opened with a TSA key.

**\*Compatible with NANUK™ 903 – 995 cases.**

## Waterproof panel kit Aluminium/Lexan

A panel kit can easily be added to most of our NANUK™ cases thanks to an integrated panel mount system.

Included in our panel kit is a contoured panel with mounting screws and an adhesive backed die-cut gasket. A lid mounted panel kit is available for the 908, 909, 910, 918, 923, 933, 935, 950 and 960 cases. The lid mounted panel kit does not contain a gasket.

**\*Available for NANUK™ 903 – 960 cases.**

# Custom colors

NANUK™ protective cases are available in up to 10 colors. Color options range from emergency orange to olive drab allowing you to blend in or stand out, whatever the task entails. If your application requires a custom color to match your logo or brand, our design team can develop the exact color you need based on a color swatch or sample. We know how important it is for your brand to stand out. A NANUK™ case in a custom color may be the perfect solution.

\*Minimum quantities required.
